

Testimonials

“Theda led a Strategic Planning initiative with an advisory committee of bankers and social workers for our Financial Skills classes several years ago. Our goal and objectives stretched us, but were practical. She also wrote \$120,000 Federal grant application for UCOM. This sustained one of our programs for a year and a half and helped hundreds of people from incarceration to re-entry.” ~ Bruce Roller

“Brilliant, caring, compassionate, and charismatic. A excellent choice when seeking a superb consultant” –Grit Dimple
